SERIAL NO: 10/700,378

APPLICANTS: Sampo J. Kaasila et al

TITLE: Methods and Systems For

Displaying Media In A Scaled Manner

And/Or Orientation

Dear Ms. Stokes,

Thank you for your helpfulness in our phone conversation of earlier today concerning the reasons for the rejection of some of the figures in the above identified U.S. Patent application.

In that conversation you suggested that I apply for a digital certificate and that I send you my USPTO customer number so that you could associate it with this case. You said that if I did this you would associate my customer number with this case, so that once I got my digital certificate I would be able to view the drawings, as they exist in the PAIR system.

In response to your suggestion I have just mailed a letter to the USPTO applying for a digital certificate and I am sending you my customer number with this fax.

My customer number is 000042306

If you have any questions concerning this fax, please call or write me at the phone number and/or address set forth above.

Ed Porter
